

Dear colleague,

first of all we want to wish you a Merry Christmas and a Happy New Year!

Probably you've received an email containing indication to login to the web site where you'll find IV WFTC Genoa Institute 2010 documents.

To see the system you may use this URL:

<http://62.149.204.119/WFTC/>

In the email you've received you find your username and your password.

Obviously you may change it with a more memory-friendly one at your first login, by editing your personal profile.

You may also change the default language, which has been set by default to English.

After logging in you may enter the section "Materials from the Institute", in that area you may download file, take a look of pictures from the Institute, but also participate to forums, questionnaires, a chat-room, and more.

Please don't hesitate to contact us if you have any problem or question: [info@wftcinstitute2010.org](mailto:info@wftcinstitute2010.org)

Best regards from the IV WFTC Genoa Institute 2010 international organizing committee
